# Portable Steam Generator

*Compact Steam Generator for Laundry & Garment Finishing*

The **Launmark Portable Steam Generator** is a compact and efficient steam generator designed to support single or dual steam iron box operations in small-scale laundry and garment environments. With a capacity of up to 10 liters, this boiler is ideal for boutiques, tailoring shops, pressing units, small laundries, and mobile ironing setups where space and power consumption must be optimized.

## Product Detailed Description

Crafted for ease of use and portability, the Launmark Portable Steam Generator is constructed from industrial-grade materials to ensure safe and reliable steam generation. It is equipped with automatic pressure control, manual water filling, and quick heating elements for fast steam production. The unit is lightweight and designed for easy movement, making it a perfect fit for compact workspaces or temporary setups.

The Steam Generator can power one to two steam iron boxes, depending on the usage requirement and pressure setting. It's compatible with Launmark's 2128 steam iron box or any standard industrial steam iron.

# Applications for the Machine

The Launmark Portable Steam Generator is commonly used in:

## Training Institutes

Safe, controlled steam supply for garment finishing classes.

## Fashion Studios & Stitching Units

For fast touch-up and finishing work.

## Small Laundries

Economical steam support for one or two iron stations.

## Mobile Steam Ironing Services

Portable steam solution for on-site work.

## Dry Cleaning Units

For quick steam finishing after cleaning.

## Tailoring Shops & Boutiques

For final garment pressing.

## Features of the Machine

### Compatible with Steam Iron Box

Seamless integration with standard industrial irons.

### Compact & Portable Design

Lightweight and space-saving unit.

### 10-Liter Tank Capacity

Ideal for small-scale continuous usage

### Manual Water Filling System

Simple operation and maintenance.

### Stainless Steel Internal Tank

Corrosion-resistant and long-lasting.

### Pilot Lamps / Indicator Lights

Shows power and heating status.

### Quick Heating Element

Fast startup for instant steam generation.

### Pressure Safety Valve

Protects against overpressure conditions.

# Additional features of the Machine

1

## Power Saving Mode

Automatically maintains pressure at low power

2

## Stable Steam Output

Ensures wrinkle-free, dry pressing.

3

## Low Noise Operation

Smooth and quiet even in small rooms.

4

## Adjustable Pressure Regulator

Fine-tune steam as per fabric type.

5

## Easy to Transport

Handles and wheels (optional) for mobility.

6

## Overheat Protection System

Automatic cut-off for safe operation.

## Key Role in the Industry:

The Launmark Portable Steam Generator provides a simple, cost-effective steam solution for small to medium-scale operations. It delivers the power of professional steam ironing in a compact footprint, allowing even small businesses to benefit from industrial-grade performance. It is especially useful where full-size Steam Generator are not feasible due to space, power, or budget limitations.

## Machine Summary

The Launmark Portable Steam Generator (10L) is the ideal steam source for light-duty industrial ironing applications. It delivers reliable, consistent steam for 1 or 2 iron boxes, with a focus on portability, low maintenance, and quick heating. Perfect for growing businesses, mobile services, and compact work environments, it ensures professional results without the complexity of large Steam Generator.
