The Launmark Vacuum Ironing Table is a precision-engineered ironing station designed for professional garment finishing and laundry pressing. Built to deliver a wrinkle-free, crisp finish, it integrates a powerful vacuum system that holds fabrics firmly during ironing, ensuring fast, smooth, and high-quality results. Ideal for use in garment factories, laundries, dry cleaners, boutiques, and tailoring units, this table supports a steam iron box for efficient and uniform finishing.

Vacuum Ironing Table

Professional Finishing Solution for Garment & Laundry Industries

Product Detailed Description

Constructed with heavy-duty materials, the Launmark Vacuum Ironing Table is designed for daily commercial use. The integrated vacuum motor removes steam and moisture from garments instantly during pressing, preventing re-wrinkling and ensuring a dry, professional finish.

The table comes with heat-resistant padding, an optional inbuilt heater, and a stainless-steel top to provide smooth and even ironing surfaces. With easy accessibility and ergonomic design, it reduces operator fatigue and improves productivity across multiple shifts.

It is compatible with Launmark steam iron boxes, boilers, and can be part of a modular steam ironing setup.

Applications for the Machine

The Launmark Vacuum Ironing Table is widely used in:

Hotels & Resorts

For uniform and staff wear pressing.

Garment Export Units & Tailoring Shops

For finishing stitched garments.

Commercial & Industrial Laundries

For pressing uniforms, coats, shirts, trousers, etc.

Hospitals & Institutions

For neat presentation of linens and staff wear.

Dry Cleaning Outlets

For post-cleaning garment finishing.

Boutiques & Fashion Studios

For professional presentation and final finishing

Features of the Machine

Foot-Pedal or Switch-Controlled Vacuum System

For operator convenience.

Moisture & Steam Removal

Prevents dampness and re-wrinkling.

Built-In Vacuum Motor

Ensures tight grip on garments during ironing.

Heat-Resistant Ironing Surface

Covered with industrial-grade padding and cloth.

Stainless Steel Top Plate

Durable and corrosion-resistant surface.

Ergonomic Work Surface

Wide table with height-optimized design for ease of use.

Compatible with Steam Iron Box

Can be connected with boiler-based or electric steam irons.

Optional Inbuilt Heater

For drying and additional heat on the board.

Additional features of the Machine

1

Table Size Variants

Multiple sizes available based on garment type.

2

Foldable or Fixed Frame Options

Based on mobility or fixed station requirement.

3

Easy Maintenance Design

Service-friendly construction.

4

Low Noise Motor

Smooth and quiet operation.

5

Integrated Lighting (Optional)

For better visibility during precision pressing.

6

Wheeled or Static Base Options

For flexible use across factory floors.

Key Role in the Industry:

The Launmark Vacuum Ironing Table plays a vital role in professional garment finishing and laundry systems, improving speed, finishing quality, and operator efficiency. It's an essential part of any modern pressing station where sharp presentation, production output, and operator comfort are priorities.

Machine Summary

The Launmark Vacuum Ironing Table is an essential tool for businesses that require professional-grade garment finishing. With its built-in vacuum suction, durable construction, and operator-friendly design, it helps increase productivity and deliver flawless ironing results for all types of fabrics. Whether for a laundry unit, garment factory, or tailor shop, this machine adds tremendous value to any pressing setup.
