# Automatic Dry Cleaning Machine – PERC System

*Advanced Solvent-Based Garment Care Solution*

## Product Detailed Description

The Launmark Automatic PERC Dry Cleaning Machine is a fully automatic, closed-loop solvent cleaning system designed for professional dry cleaning operations. Engineered for safe and efficient use of Perchloroethylene (PERC) solvent, the machine ensures superior stain removal, fabric care, and solvent recovery — making it ideal for commercial dry cleaning plants.

Built for performance, safety, and environmental compliance, this system delivers consistent results with optimized solvent consumption.
