Launmark Hydro Extractor Belt Drive Model

*Essential Water Extraction System
for Commercial & Industrial Laundry*

Product Detailed Description

The Launmark Belt Drive Hydro Extractor is a basic yet powerful water extraction machine designed for laundries that need a cost-effective solution for removing water from washed garments. Built with a sturdy belt-driven system, stainless steel drum, and durable balancing mechanism, this centrifuge offers dependable performance for daily commercial use.

Applications Across Industries

Hotels, Lodges & Guest Houses

Tailoring & Garment Units

Small to Medium Commercial Laundry Units

Economy Laundry Projects

Uniform & Workwear Laundries

Hospitals & Clinics

Training Institutes & Start-up Laundry Operations

Key Advantages

Proven Belt Drive Reliability

Easy maintenance and long operational life.

Simple Operation

Just switch ON via a DOL starter—no complex electronics.

Heavy-Duty Construction

Designed for continuous fabric extraction in commercial laundry environments.

Stable Performance

Spring balancing ensures smoother operation and reduced vibration.

Perfect Companion for Washer-Only Machines

Completes any laundry workflow where washing and spinning are separate.

Economical & Efficient

Ideal for budget-friendly laundry setups that still require strong extraction power.

Product Highlights

1

Belt Drive Mechanism (Basic Model)

Robust belt-and-pulley system ensures smooth and stable drum rotation, ideal for standard laundry operations.

4

Natural Drum Slow-Stop

No DC injection brake—drum slows down naturally and stops gradually after the spin cycle.

2

No Control Panel Required

Simple operation—no onboard control panel. Machine is powered directly through a DOL (Direct-On-Line) Starter.

5

Reliable Water Extraction

Effectively removes excess water from linens, uniforms, towels, hotel fabrics, and general laundry.

3

Works on Single Phase or Three Phase

Flexible power connectivity options based on site requirements.

Installation Requirement

This machine must be installed on a heavy concrete foundation with anti-vibration pads for safe and stable performance.

A Launmark Industrial Standard

Developed under the guidance of Joby KM – The Laundry Man of India, the belt drive hydro extractor is built for reliable, economical, and long-lasting operation across all laundry segments.

Box Includes

Belt Drive Hydro Extractor
Drum & Motor Assembly
Belt & Pulley System
