# Hydro Extractor Direct Drive (Centrifuge Machine)

*High-Speed Water Extraction  
for Industrial & Commercial  
Laundry (15, 30, 60 kg)*

## Product Detailed Description

The Launmark Direct Drive Hydro Extractor is engineered to remove maximum water from washed garments with unmatched stability and durability. Built with a powerful direct-drive system, heavy tension springs for vibration control, and a high-strength drum, this machine ensures faster drying cycles and long-term reliability in demanding laundry environments.

# Applications Across Industries

Hotels, Resorts & Staff Laundries

Garment Industry  
(after-wash extraction)

Commercial Laundry Units

Institutions & Government Laundry  
Facilities

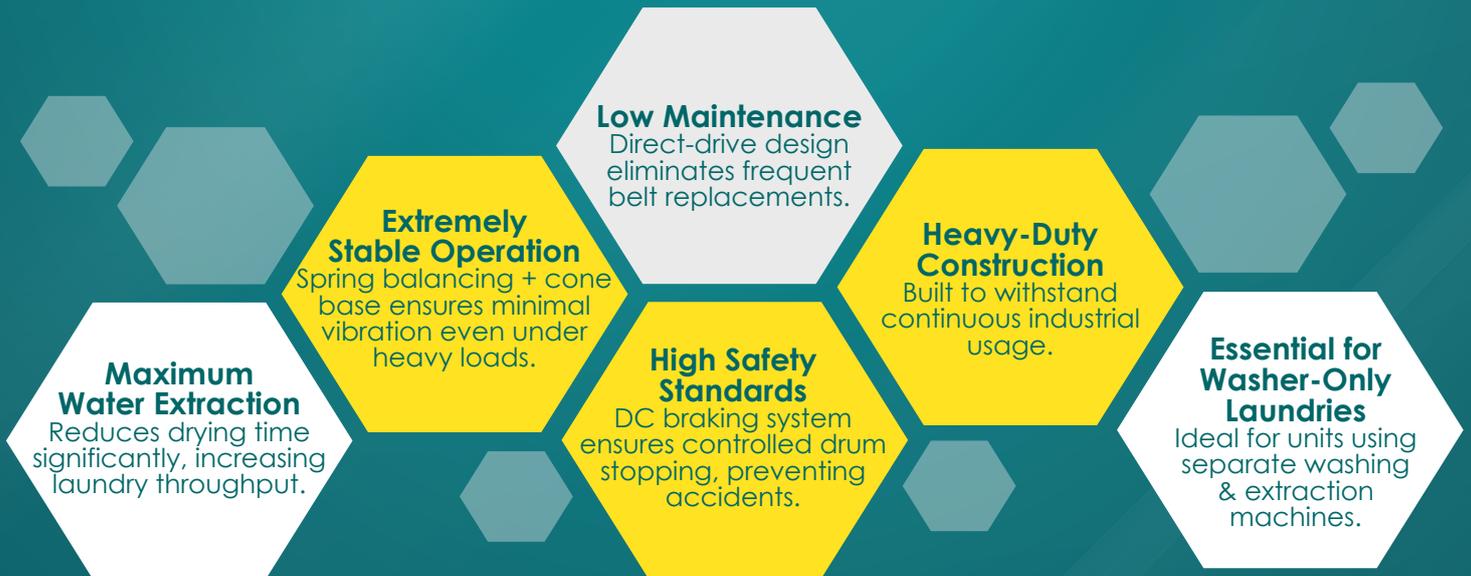

Uniform & Industrial Garment Laundries

Hospitals, Clinics & Healthcare  
Facilities

## Key Advantages

# Product Highlights

1

## Direct Drive Technology

No belt, no pulley—direct motor-to-drum connection ensures high torque, low maintenance, and long machine life.

2

## Heavy Tension Spring Balancing System

Precision-engineered springs absorb vibrations and ensure smooth operation even at high RPM.

3

## Heavy Cone-Type Motor Base Mounting

Reinforced cone base provides exceptional stability for continuous extraction cycles.

4

## DC Injection Braking System

Advanced braking technology stops the inner drum smoothly and safely after each cycle.

5

## High-Speed Water Extraction

Ideal for removing water from uniforms, linens, towels, industrial garments, and workwear before drying.

## Installation Requirement

This machine must be installed on a heavy concrete foundation with anti-vibration pads to ensure stability and long-term performance.

## A Launmark Industrial Innovation

Designed under the expertise of Joby KM – The Laundry Man of India, this hydro extractor is engineered to meet the real challenges of high-volume laundry operations with long-lasting performance and safety.

## Box Includes

Direct Drive Hydro Extractor • Motor & Drum Assembly • DC Brake System

## Powerful Extraction. Zero Belt. Maximum Stability.

The Launmark Direct Drive Hydro Extractor delivers the speed, durability, and reliability required for professional laundry environments.

## Hydro Extractor Direct Drive (Centrifuge Machine) (Capacity options such as 15kg / 30kg / 60kg available on request.)

<b>Machine Type</b>	Direct Drive Hydro Extractor / Centrifuge
<b>Drive System</b>	Direct Motor Drive
<b>Balancing Mechanism</b>	Heavy tension spring system
<b>Motor Mounting</b>	Heavy-duty cone-type base
<b>Braking System</b>	DC Injection Brake
<b>Foundation Requirement</b>	Heavy concrete base with anti-vibration pads
<b>Drum Material</b>	High-grade stainless steel
<b>Balancing System</b>	Fast water extraction (spin only)
