Hydrocarbon Dry Cleaning Machine – Semi Automatic (Filter Cleaning Model)

Modern Hydrocarbon-Based Garment Care Solution

Product Detailed Description

The Launmark Hydrocarbon Dry Cleaning Machine – Semi Automatic Model is designed for professional garment care using hydrocarbon solvent technology. This model features a manual / semi-automatic filter cleaning system, without an inbuilt distillation unit, making it a cost-effective and low-maintenance solution for emerging and mid-scale dry cleaning units.

Engineered for fabric safety and operational simplicity, this machine is ideal for businesses seeking premium cleaning performance with lower solvent odor and reduced fabric stress.

Product Highlights

1

Hydrocarbon Solvent Cleaning

Gentler than traditional solvent systems, hydrocarbon cleaning protects delicate fabrics, colors, and embellishments.

2

Semi Automatic Operation

Operator-controlled wash and solvent circulation process ensures flexibility and ease of handling.

3

Manual / Semi-Auto Filter Cleaning System

Cartridge filter system designed for periodic manual cleaning and maintenance — no integrated distillation unit.

4

Fabric-Safe Mechanical Action

Optimized drum rotation protects garment structure, shape, and finishing.

5

Economical Investment Model

Lower initial cost compared to distillation-based machines.

Important Note

No Inbuilt Dryer

This model does not include an integrated drying system.

If customers require drying functionality, a separate hydrocarbon-compatible dryer must be purchased and installed independently.

Installation Requirement

- * Install in a well-ventilated area.
- * Proper electrical connection required.
- * Follow hydrocarbon solvent handling guidelines.
- * Separate dryer installation required if drying function is needed.

Launmark Industrial Standard

Developed under the guidance of Joby KM – The Laundry Man of India, the Launmark Hydrocarbon Semi Automatic Model delivers reliable, fabric-safe cleaning with economical operation for growing dry cleaning businesses.

Machine Package Includes

- * Hydrocarbon Dry Cleaning Machine (Semi Automatic)
- * Cartridge Filtration System
- * User Manual & Installation Guide
