The Launmark Portable Boiler with 2128 Steam Iron Box is an efficient, compact ironing solution designed for professional-quality garment finishing in limited spaces. With a boiler capacity of up to 10 liters, this system is ideal for tailoring shops, boutiques, dry cleaners, mobile pressing services, and small laundries. The powerful 2128 industrial-grade steam iron box delivers consistent steam output, while the boiler ensures steady pressure and quick recovery time—offering a perfect balance of mobility, performance, and ease of use.

Portable Boiler with 2128 Steam Iron Box

Compact & Professional Ironing Combo

Product Detailed Description

This integrated unit combines Launmark's portable electric boiler (up to 10 liters) with a 2128 thermostat-controlled steam iron box, allowing for precise, wrinkle-free garment finishing. The boiler features a manual water fill tank, automatic pressure control, and safety protections for long-term reliability. The 2128 iron box, known for its dry finish, heating plate control, and comfortable grip, is designed for intensive use in commercial and semi-industrial settings. Together, the combo is portable, plug-and-play, and suitable for setups with limited space and budget but high expectations for professional results.

Applications for the Machine

This combined setup is used in:

Laundry Training Centers

For practice with industrial ironing systems.

Small Garment Production Units

Ideal for touch-up ironing and sample finishing.

Home-Based Laundry Services

Compact yet professional-grade ironing.

Mobile Ironing Units / On-Site Services

Lightweight and portable for remote operations.

Dry Cleaning Shops

For crisp finishing of cleaned clothes.

Tailoring Units & Boutiques

For daily garment pressing and final finishing.

Features of the Machine

Consistent Steam Pressure
Smooth and even pressing results.

2128 Steam Iron Box

Industrial design with adjustable thermostat and strong steam output.

Low Power Consumption

Energy-efficient system for small-scale operations.

Up to 10-Liter Portable Boiler

Compact size, easy to carry, fast heating.

Manual Water Filling System

Simple maintenance, no complex piping required.

Sturdy Body and Long-Life Design

Built to withstand daily usage.

Quick Steam Generation

Fast heat-up for immediate use.

Built-in Safety Features

Pressure release, auto cut-off, thermostat protection.

Additional features of the Machine

1

Pilot Indicators for Power & Heating

Visual alerts for operating status.

2

Adjustable Pressure Settings

Fine control for various fabric types.

3

Low Noise Operation

Quiet and suitable for indoor or customer-facing environments.

4

Compact Size

Fits easily into tailoring tables or mobile carts.

5

Optional Accessories

Water level indicator, trolley stand, or extra hoses.

Key Role in the Industry:

This Launmark Portable Boiler + 2128 Steam Iron Box combo is a trusted choice for those needing professional-quality ironing in tight workspaces. Its fast start-up time, mobility, and ease of operation make it ideal for growing businesses and service-based models, offering the quality of industrial steam ironing without complex infrastructure.

Machine Summary

The Launmark Portable Boiler with 2128 Iron Box delivers a compact, efficient, and professional-grade ironing experience for small businesses and mobile services. With its reliable steam pressure and durable iron box, this unit offers everything needed for sharp, clean, and quick garment finishing—without the need for large infrastructure. It is the ideal choice for anyone seeking industrial quality in a portable format.
