Steam Ironing System

Vacuum Table with Portable Boiler & 2128 Steam Iron Box

Product Detailed Description

The Launmark Steam Ironing Machine is a complete industrial-grade solution combining a vacuum ironing table, portable steam boiler, and 2128 steam iron box—ideal for achieving high-quality, wrinkle-free finishing. Built for performance, portability, and durability, this integrated system is perfect for laundries, tailors, dry cleaners, garment factories, hotels, and uniform services.

This compact yet powerful unit ensures faster pressing, better fabric finish, and efficient moisture management, making it a must-have for professional garment care and finishing.

Applications Across Industries

Launmark Tumble Dryers are widely used across various industries, including:

Hotels & Resorts

In-house pressing for linens, uniforms, and guest wear.

Garment Factories & Tailors

For final garment pressing and finishing.

Commercial Laundries & Dry Cleaners

High-quality steam finish for all fabrics.

Hostels & Institutions

Ideal for centralized ironing and uniform management.

Retail Stores

Pre-display garment pressing for showroom finish.

Hospitals & Clinics

Professional finishing for staff uniforms and patient wear.

Why Choose Launmark Steam Ironing System?

Space-Efficient Design

Ideal for both small workshops and large commercial units

Heavy-Duty Performance

Designed for continuous and high-volume use

Reliable & Safe

Built-in pressure control, thermostat, and safety valves

Minimal Maintenance

Easy to clean and maintain with durable parts

Customizable Configurations

Available in single or dual station setups, with various iron box options

Complete Finishing Solution

Integrated setup for professional ironing

Key features

1

All-in-One System

Combines vacuum table, portable steam generator, and steam iron box.

6

Energy Efficient

Optimized steam production for low power consumption.

2

Powerful 2128 Steam Iron

Industrial steam iron with heavy-duty build and consistent steam flow.

7

Space-Saving Design

Compact footprint suitable for small to medium ironing setups.

3

Built-in Vacuum Table

Removes moisture and holds garments firmly for perfect crease-free finishing.

8

Durable Build Quality

Rugged construction for long-term usage in demanding environments.

4

Portable Boiler

Compact, energy-efficient boiler with automatic pressure control and safety systems.

9

Ergonomic Design

Easy to operate with user-friendly controls and comfortable ironing experience.

5

Quick Heat-Up Time

Ready to use within minutes for continuous operations.

10

Customizable Steam Output

Adjustable controls for different fabric types and finishes.

Machine Summary

The Launmark Steam Ironing System, featuring the Vacuum Table, Portable Boiler, and 2128 Steam Iron Box, delivers unmatched precision, speed, and professional results. Whether you're a growing laundry business, a tailor, or a large-scale garment production unit, this system is a game-changer for your finishing operations.

Upgrade your ironing setup with Launmark—trusted by professionals across India, GCC, and beyond.
