Vacuum Sleeve & Body Press Table

Heavy-Duty Finishing System for Utility & Industrial Garments

Product Detailed Description

The Launmark Vacuum Sleeve & Body Press Table is a complete garment finishing workstation designed for utility wear, uniforms, industrial clothing, and heavy-duty fabrics. Combining high-vacuum suction, ergonomic sleeve and body shapes, and a powerful inbuilt steam boiler with industrial iron, this unit delivers seamless pressing performance in a compact, plug-and-play setup.

Key features

1

Tailored for Utility & Heavy Garments

Ideal for pressing jackets, overalls, lab coats, and uniforms.

2

Suction + Pressure – All in One

Integrated system for professional finish without needing separate machines.

3

Rugged Construction for Continuous Use

Built to handle high workloads in commercial or institutional laundry environments.

4

Compact Design, Maximum Output

Perfect for units with space constraints that require industrial results.

5

Energy Efficient & Safe

Optimized for low power usage with inbuilt safety systems.

A Launmark Innovation – Trusted by Experts

Developed by Joby KM – The Laundry Man of India, this machine reflects deep industry expertise, engineered to support real-world garment care needs, especially in the utility and industrial garment sectors.

Box Includes

- Vacuum Sleeve & Body Press Table
- Power Cable & Control Panel
- Instruction Manual with Safety Guidelines

Engineered for Uniforms, Built for Performance

From police and military uniforms to factory overalls and medical garments, the Launmark Vacuum Sleeve & Body Press Table gives your pressing operation the power, flexibility, and finish it needs — all in one space-saving, professional solution.
