Vacuum Table with Automatic Boiler & 2128 Industrial Iron Box

Heavy-Duty Professional Finishing System for Industrial & Uniform Garments

Product Detailed Description

The Launmark Vacuum Table with Automatic Boiler and 2128 Industrial Iron Box is a complete garment-finishing solution engineered for high-volume uniform care, industrial wear, tailoring units, and commercial laundries. Equipped with strong vacuum suction, a 14-liter automatic steam boiler, and the robust 2128 steam iron, this workstation delivers fast, flawless and consistent finishing all day long.

Applications for the Machine

The Launmark Vacuum Ironing Table is widely used in:

Hotels, Hospitals & FM Departments

Industrial Laundries & Commercial Pressing Units

Uniform Garment Care (Police, Defense, Security, Facility Teams)

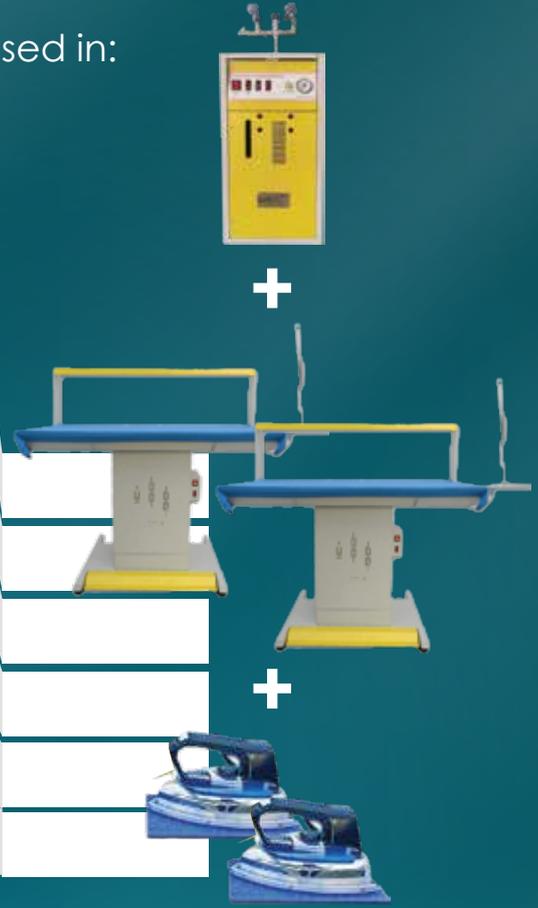

Training Centers for Industrial Garment Care

Garment Factories – Sampling & Finishing

Tailoring Units Handling Heavy & Daily Workload

Features of the Machine

Versatile for All Garments

From shirts and pants to coats, lab wear, uniforms, and heavy fabrics.

Automatic Boiler = Continuous Steam

14-liter auto boiler ensures nonstop steam supply with safety and pressure regulation.

Energy Efficient

Optimized power usage with separate operating switches.

Space-Saving, All-in-One Design

One machine handles suction, steam generation and finishing—no extra systems needed.

Industrial Durability

Built for continuous 8–12+ hours operation, ideal for commercial workloads.

High Productivity Finishing

Large table + strong suction + continuous steam = fast and uniform results.

Additional features of the Machine

1

Heavy-Duty Vacuum Table (2.5 ft × 4 ft)

Large work surface ideal for pressing shirts, trousers, uniforms, jackets, and utility wear with perfect stability.

3

Independent Operating Controls

Switches for vacuum, boiler, and iron for safe, precise, and energy-efficient operation.

2

14-Liter Automatic Steam Boiler

Fully automatic steam generation with high pressure, stable output, safety controls, and low-maintenance design.

4

2128 Industrial Steam Iron Box

Powerful, professional-grade iron designed for long working hours and crisp garment finishing.

A Launmark Innovation – Built by Industry Experts

Designed under the leadership of Joby KM – The Laundry Man of India, this system is engineered to handle the real challenges of industrial garment care, ensuring reliability, speed, and long life.

Box Includes

- Heavy-Duty Vacuum Table (2.5 ft × 4 ft)
- 14-Liter Automatic Steam Boiler
- 2128 Industrial Steam Iron Box
- Power Cables & Control Panel
- Instruction & Safety Manual

Strong Steam. Strong Suction. Strong Results.

For uniform care, industrial finishing, and commercial laundry operations, the Launmark Vacuum Table with Automatic Boiler & 2128 Iron Box delivers unmatched performance and durability in a compact, professional package.

Automatic Steam Boiler

Standard Iron Box Support	2 (Expandable up to 3) Optional
Steam Output	Up to 25 kg/hr (Custom-built capacity)
Construction Material	Heavy-duty steel with rust-resistant coating
Control System	Digital / Semi-automatic / Fully automatic
Fuel Type	Electric (as per requirement)
Water Feeding	Automatic pump with level sensors
Safety Features	Pressure relief valve, auto shutoff, thermal protection, low water level cutoff
Installation Type	self-mounted vertical or horizontal

Portable Boiler with 2128 Steam Iron Box

Boiler Capacity	Up to 10 Liters
Steam Iron Mode	Launmark 2128 – Heavy-duty with thermostat control
Power Supply	220V / 50Hz (Standard)
Iron Compatibility	Supports 1 steam iron boxes
Water Fill Type	Manual
Boiler Material	Stainless Steel Internal Tank
Safety Features	Pressure relief valve, auto cut-off, overheat protection
Steam Output	Stable pressure suitable for consistent finishing
Weight	Approx. 15–25 kg (combined unit)

Vacuum Ironing Table

Table Dimensions	Multiple sizes available (Standard: 1200mm x 750mm) (2.5X4 FEET)
Vacuum Motor Power	0.37 kW to 0.75 kW (Based on model)
Heater Option	1–2 kW inbuilt (Optional)
Power Supply	220V/1Ph/50Hz or as per client specification
Material	Mild steel with powder-coated finish and stainless-steel top
Iron Compatibility	Works with all types of steam iron boxes
Control System	Foot pedal or switch-based vacuum control
Noise Level	Low noise design for continuous use
Add-ons	Lighting, sleeve arm, utility buck (optional)
